

'APPRENTICE'
from **This Marauder's Midnight**
lyrics by **Gabriel Rios**

*

There's a lot I don't wanna say
Spells and visions keep telling me
That you've been wearing that ball and chain
growing blisters where my eyes should be

Ain't it plain to see
That's no way to be
Many miles ago
tar baby knows
cuz he was loving me
Now he's left alone
with a cover blown
Cut your body loose
Living off the noose
like you were made to be

Like you were made to be

Rebel eyes don't look away
Take the picture that you wanna see
Tell the sky all blue and plain
Tell your kingdom you belong to me

Ain't it plain to see
you belong to me
Everybody knows
that's the way it goes
you gotta learn to be
Leave the boy alone
Abdicate the throne
Cut your body loose
Living off the noose
like you were made to be

Like you were made to be
Like you were made to be
