

'YOUNG GODS'
from This Marauder's Midnight
lyrics by Gabriel Rios

*

Where you when my face was over run
By the mystic lightning
When the mystic lightning
Made it hard to look at what was on the ground
I want all that lightning
Couldn't hold that lightning

Fire in the bloodstream
Hole in the cup
Young gods looking for the whole way up
Put your hands up
Put your hands up
if you want something
oh now if you want something

Sure enough everybody's on the run
After all it might be
After all it might be
Hard to live when your body's on the ground
So go and hold that lightning
go and hold that lightning
go and hold that lightning

Fire in your bloodstream
Hole in the cup
Young gods looking for the old way up
Put your hands up
Put your hands up
if you want something

An we go
Higher than the rooftops
holding the cup
Young gods looking for the whole way up
Put your hands up
Put your hands up
if you want something
oh now if you want something
